

Survey of Fort Severn First Nation Band Members Report - July 2014

**Peter Campbell, Franz Seibel, Brian Beaton, Susan O'Donnell
Keewaytinook Okimakanak and University of New Brunswick**

+ Survey background

- 75 responses from Fort Severn Band members
- Survey conducted in February-March 2014 by Keewaytinook Okimakanak (KO) and University of New Brunswick (UNB)
- Invitations sent by Facebook, email, posters, in-person
- KO-KORI community researchers employed
- In total, 237 responses from members of the 6 KO First Nations

+ Purpose of survey report

- This survey report is for Fort Severn First Nation leadership and band members
- A short poster report was also made
- The survey research can:
 - ◆ promote community awareness
 - ◆ help develop strategies for community development
 - ◆ identify potential future research collaborations

+ Presentation of survey report

- KORI and UNB research team presenting report as part of a visit to Fort Severn in July 2014
- Community members invited to give feedback and ideas for the next stage of the research
- Community visits include interviews with Fort Severn community members
- Focus of interviews is training, teaching and learning

+ Training, teaching & learning a strong theme of survey responses

- Many community members identified a need for training, especially for youth
- Focused both on skills training and traditional skills
- Teaching land-based activities a recurring comment
- Almost half (46%) of KO community members need more training to use technology effectively

1	I like to communicate with other by using the following K-Mobile and K.O Internet I even like going to school Under K.O services... I don't have any other things to say negative about the services you guys provide but i all can say is keep up with the work you guys are doing and i hope newer things will come up... I am working with C.A.P program work right now at the E-centre and everything is going will and am learning alot of things with computers	6/16/2014 4:04 PM
2	i have no idea	3/31/2014 5:34 PM
3	a better long range phone\cell service or perhaps a satellite phone system to be installed by KO for KO communities to better accommodate the people of the first nations during their time out on the land harvesting from mother nature should there be an emergency that arises.	3/28/2014 8:28 PM
4	fast internet and also giving the youth to have hands on training let them see how KO services works and helps the community	3/28/2014 5:35 PM
5	Improved internet for Fort Severn, Ontario, because the students who go to KIHS for High School need faster internet, and many other reasons that would improve the workplaces in offices, homes, etc, e.g. for vital information on certain topics.	3/28/2014 2:59 PM
6	NOT SURE	3/25/2014 8:21 PM
7	KMobile needs to be more consistent, alot of down time the past summer and fall.. Internet service has slowed down due to growing usage and needs the speed to be brought up.	3/24/2014 10:14 AM
8	no complaints i guess	3/21/2014 11:15 AM
9	KO SERVICES TO EMPLOY MORE YOUNG PEOPLE	3/19/2014 2:26 PM
10	I like the K Mobile/community cell services, it is good for those who are out in the land to used the cell phones and KIHS is excellent for our communities. Don't have any suggestions for improvements .	3/17/2014 2:57 PM
11	better cell phone service like i phones... that's all i can think of right now....	3/12/2014 12:51 PM
12	to have fast internet service	3/12/2014 11:42 AM
13	I think that everything right now should be kept the same, i think so far it is all doing good.	3/7/2014 3:03 PM
14	I like this service because it's fun	3/7/2014 11:34 AM
15	everthing is great down here	3/6/2014 6:46 PM

16	Make the internet more reliable.	3/6/2014 4:53 PM
17	Faster Internet	3/6/2014 2:39 PM
18	convenience.	3/6/2014 1:22 PM
19	Public works- I enjoy walking on the road, water line is frozen like so many people in the community. Some have to deal with frozen lines every year, it's just a matter of when they will freeze not if. I'm still waiting for a housing inspector to pass the electrical work so the drywall can go up, goin on 4 months now. There are two families living in our household. Should develop plans to go green, why not? Access to online college/training programs/courses like KiHS to go with the new school coming up. We do not have the luxury of being able to walk out the door and have access to these services.	3/6/2014 11:59 AM
20	The services we have here are really good, I think, although I use only a few but they still improve the daily living here, technology wise.	3/5/2014 2:28 PM
21	i like that we stay connected more technology in the community as well. i wouldn't change a thing at the moment i'm satisfied with the services.	3/5/2014 2:13 PM
22	I like the K-Mobile service where elders can talk on the cell phones, and reaching their kids where ever they are, even KIHS is very good with students trying to finish their school,	3/4/2014 10:15 AM
23	High speed internet	3/2/2014 3:14 PM
24	I would just suggest getting more information out there for public to become more familiar with these services because some people (especially those living off reserve) tend not to hear about them.	3/1/2014 3:19 PM
25	I like the fact that students have a better chance at completely high school through KIHS and if they end up going from urban high schools during the school year they can continue with KIHS. Cool and convenient having a cell phone service in the community. Wish we had faster internet speed. Telehealth is convenient as well for services such talking with the Diabetics from Sioux, I don't think Non-sured would pay for travel for that. I don't know about Public works, I don't about Kori I don't about KOCI I don't about KO Self Governace I don't about KO Administration Nice to know that there is support for off reserve students	2/27/2014 12:45 PM
26	When I used to live in the reserve. I found that the internet provided access to the outside world. It helped me apply for everything that I needed such as applying for college, or using Service Canada. I was formerly an KIHS student in my first year of high school. I also find that having a cell phone service very useful and one day hope to use its services should I be able to live and work in in my community. Having access to public works is very important to me. Although I haven't used any of these services they are very important to the community members that have various needs.	2/26/2014 3:51 PM
27	i hyave no idea	2/24/2014 12:27 AM
28	I think the elder care needs improvement especially the home visits more . And I am a youth coordinator I am needing and wishing for many things for the children and youth. I want to keep them busy to stay away from trouble .	2/15/2014 12:51 PM
29	Hi Brian I like having internet access for business and personal use. The bad side of it that internet is slow... theres times when internet is slow and hard to get in or out important business information and for personal use I enjoy having contact with my family (Wife and child) through internet with video and voice contact because they both live in Thunder Bay and I work in here in Fort severn and gone weeks on end and I love to see and hear their voices!!	2/14/2014 4:11 PM
30	I like that KO services for home and community care. It's a great service for the elderly in the community to have help	2/14/2014 3:47 PM
31	cell service and community channel could be way better	2/14/2014 3:19 PM
32	i love everything that you guys are providing! but the cell phones over her in fort severn sometimes would get cut off and it wouldnt work for days....but overall I love your services.	2/14/2014 2:51 PM

33	KOSSS to have database or formal completed website.	2/14/2014 2:05 PM
34	Faster internet.	2/11/2014 11:05 PM
35	I like the KiHS service the most. My two oldest sons have gotten half their high school credits from there and my oldest daughter did really well in Grade 9. I find the curriculum really challenges them making them ready for post secondary education. That being said, there is one thing I don't agree with in regards to the KiHS school year. I think it would benefit the students more if it wasn't so condensed like DFC and Pelican. The students need all the time they can get to finish their courses. Also, since the students are in their home communities, I don't really see the need to shorten the school year. I see the KiHS students wandering around the community every June with not much to do.	2/11/2014 10:26 PM
36	I would probably like to learn more in different places, meetings etc in KO communities. I wouldn't want to change anything about it	2/11/2014 6:37 PM
37	The cell service I like, it can save lives when you get stranded out there.	2/11/2014 5:02 PM
38	I have used telehealth services in the past, it's a great way to communicate with a doctor when only consultation is required. I used to have access to my Rogers cell phone but currently unable to access. I am planning to get a Knet cell phone once I have some money.	2/11/2014 1:50 PM
39	I like the internet.	2/10/2014 3:39 PM
40	none	2/10/2014 2:29 PM
41	The internet is always consistent but we need more Bandwidth!	2/10/2014 9:52 AM
42	use email on a daily basis	2/10/2014 9:46 AM
43	KO staff need to be visible in the communities. The technology it provides to the communities is awesome.	2/9/2014 7:43 PM
44	Services are good	2/7/2014 2:06 PM
45	Land use planning sessions are very important...I don't usually attend as long as my family attends. Cell phone service is a vital service. I am planning to get a Knet cell phone in the near future. Our internet connection is very slow at our home...it may be due to outside lines needing repair.	2/7/2014 1:21 PM
46	KiHS is an awesome program. Hope they keep it going in the community. Cell service is great for those that use it. Internet could always be better.	2/7/2014 11:52 AM
47	I like the fact that the services are administered by our people who are well trained, dedicated and work hard to keep up with technological changes.	2/7/2014 11:39 AM
48	I went KiHS, but I rarely went	2/5/2014 8:53 PM
49	faster internet	2/4/2014 4:37 PM
50	More bandwidth for internet	2/3/2014 9:21 AM

21	locally owned businesses outside of the band office. Can't depend on them all the time. A bigger push should be made to grow a local economy how ever small it is. Research all the feasible businesses that can be created/managed by members of the community and offer them for a monetary value for services rendered. Keep in the money within the KO/local community. Just a thought. I'm currently trying to figure what business venture to pursue, although a corner store is very attractive. I want to escape dependence from the band for employment and rather I'd at least be able to employ 2 community members.	3/6/2014 12:13 PM
22	I think a public works person is needed with their own office especially during the cold winter season where the sewage tanks need to be pumped regularly.	3/5/2014 2:34 PM
23	more sports activities for children and of all ages	3/5/2014 2:18 PM
24	A arena, where all the kids can enjoy hockey, instead of being in the cold where lil kids like to see their big brother or big sister to play hockey with all other kids, FORT SEVERN	3/4/2014 10:20 AM
25	More Teacher assistants for the school.	2/27/2014 12:47 PM
26	More training for members to provide adequate services such as carpentry, plumbing, automotive and mechanical needs to be self sufficient. WE NEED TRAINED PEOPLE!	2/26/2014 3:57 PM
27	I really need a assistant ,I would do so much more activities. It would be nice to have trade training in many categories. Workshops we can go to learn more .for example me going to a workshop or training to learn more with my job and etc	2/15/2014 12:58 PM

Q18 Your First Nation cell service (KMobile): do you agree or disagree?

Answered: 59 Skipped: 16

- I am a KMobile customer now.
- KMobile is the best mobile service for remote First Nations.
- KMobile is less expensive to use than a fixed home phone.
- In the next year, I plan to use the KMobile service.
- KMobile offers safety and security when being out on the land.
- KMobile is an important service in our community.

Q19 Your First Nation Research Institute (KORI): Do you agree or disagree?

Answered: 59 Skipped: 16

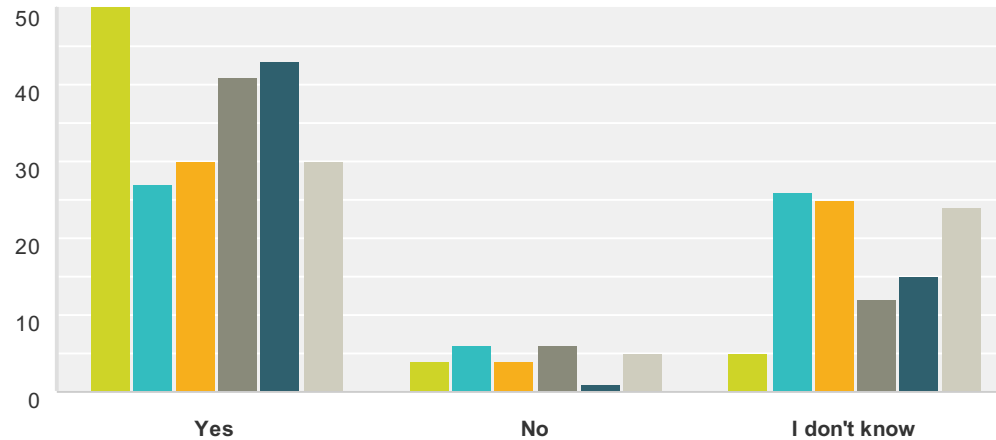

- I have seen or read at least one research paper or report about K.
- KORl's training workshops are needed here.
- In the next year, I will use the information from KORl.
- The KORl web site provides important information.
- KORl provides an important service in our community.

Q20 Your First Nation KIHS classroom: do you agree or disagree?

Answered: 59 Skipped: 16

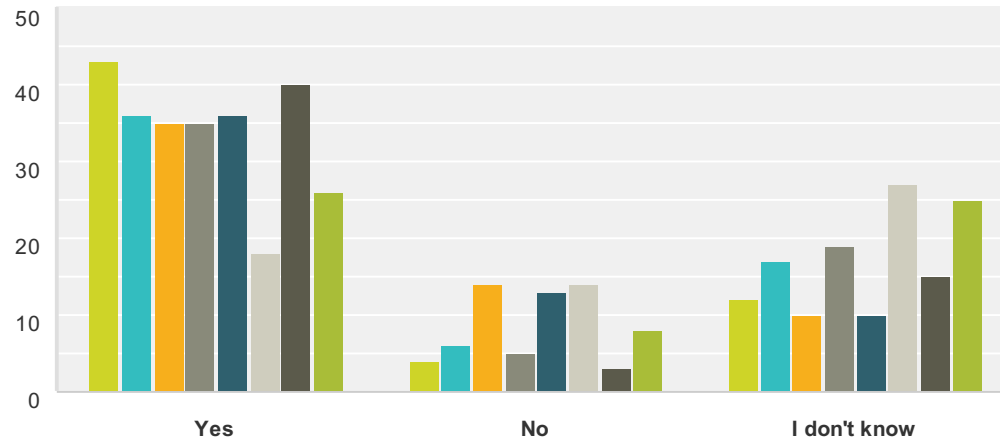

- A member of my family is or has been a KiHS student.
- The quality of KIHS education is the same as that of a high school in the city.
- KIHS students receive an excellent education.
- In the next year, I will likely recommend KIHS to someone.
- KIHS should have more capacity / more students in my community.
- The KIHS web site provides important information for me.

#	Other suggestions or thoughts about KIHS (OPTIONAL)	Date
1	we need more experienced people with good solid education experience background to run our schools and not some local persons with an online course certificate. The schools are suffering because of lack of knowledge in provincial school system and and no real classroom experience is there to back up the education authuority.	3/28/2014 9:03 PM
2	Check YOUR spellings and rewrite the sentences for some school work.	3/28/2014 4:48 PM

4	I think we seriously need a classroom assistant in Fort Severn before our teacher here burns out.	2/11/2014 11:09 PM
5	This is an awesome school, as the Social Counsellor I highly recommend this program for all students. But remember any high school you sign up for YOU have to do the work to have success, no one else will do it for you :D	2/10/2014 10:15 AM

Q21 Your First Nation telemedicine service (KOTM): do you agree or disagree?

Answered: 59 Skipped: 16

- Telemedicine can be a good alternative to visiting the health professional in person.
- Telemedicine would be a useful service for me.
- I would be concerned about the privacy of a telemedicine session.
- Telemedicine services should be increased in my community.
- I would rather travel to visit the health professional in person.
- I intend to use telemedicine myself in the next year.
- KOTM is an important service in our community.
- The KOTM web site provides useful information for me.

#	Other suggestions or thoughts about KOTM (OPTIONAL)	Date
1	both service will work either way. but telemedicine is very good for elders that can't travel much	3/21/2014 11:27 AM
2	a lot of these questions can DIFFER by seeing a doc in person or not !! but I think it's only best to find out about the results of your condition !	2/14/2014 4:41 PM
3	If a patient needs examination or tests done, he or she should see a doctor in person. For consultation only, telehealth medicine is appropriate. It should also depend on the patient.	2/11/2014 2:01 PM

4	I wouldn't mind more information on this. I am curious as to what kind of professionals are actually available or willing to work with	2/10/2014 10:18 AM

I wouldn't mind more information on this. I am curious as to what kind of professionals are actually available or willing to work with patients through telemedicine. Counselling services would be excellent through telemedicine but I still see or hear of patients going out for counselling services. ??

Q22 Your First Nation internet service (KNET): do you agree or disagree?

Answered: 57 Skipped: 18

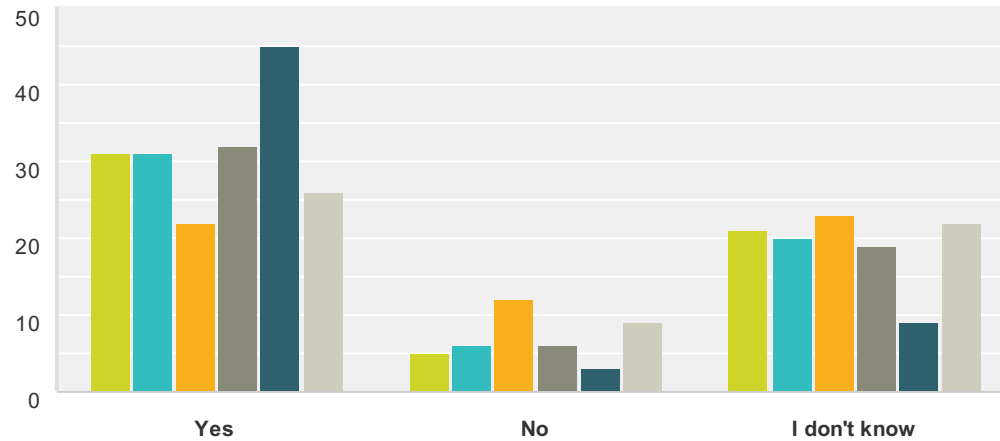

- I have a KNET email account.
- I have used KNET videoconferencing.
- I regularly look at web pages at KNET.
- In the next year, I will likely recommend KNET to someone.
- KNET should have more capacity / more workers in my community.
- KNET is an important service in our community.
- I am willing to pay more for faster service in my community.

#	Other suggestions or thoughts about KNET services (OPTIONAL)	Date
1	should have a computer tech for our community, to fix computers	3/14/2014 8:46 AM
2	I had a knet account but I forgot my password and it won't let me access my e-mail.	3/6/2014 10:17 AM
3	No not paying faster service because they already said it was suppose to work within 50 MILES not 30 KMS but with internet yes I would if my business ventures would help !!	2/14/2014 4:45 PM
4	If the E-centre had good administration (not saying they don't, but if they did we definitely would know) I would pay for faster internet if I thought I would be getting my money's worth :D	2/10/2014 10:20 AM

Q23 KO Secondary School Support Service (KOSSS): Do you agree or disagree?

Answered: 57 Skipped: 18

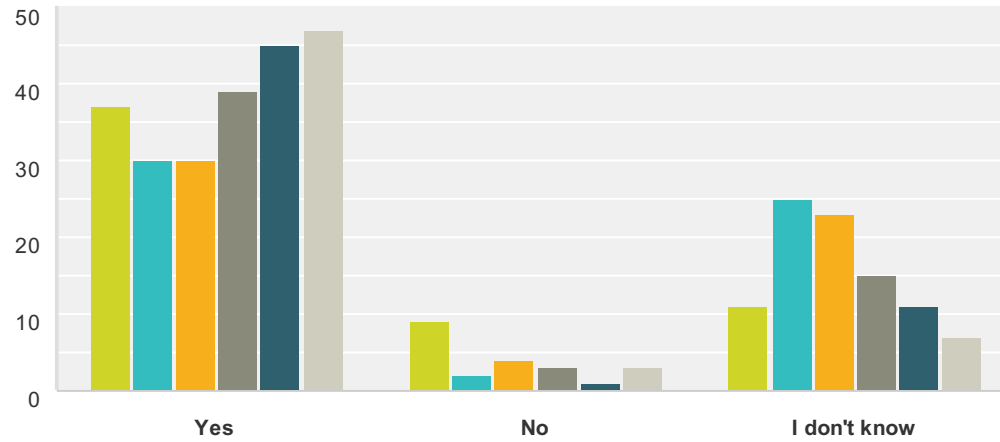

- KOSSS helps to keep our students safe.
- The assistance from KOSSS is very useful.
- KOSSS students have enough activities and support.
- In the next year, I will likely recommend KOSSS to someone.
- KOSSS should have more information in my community.
- The KOSSS team members are easy to reach when needed.

#	Other suggestions or thoughts about KOSSS (OPTIONAL)	Date
1	need more information on what they do exactly for our students. what services do they provided and so on..	3/21/2014 11:29 AM
2	When I was in high school we had NNEC, things are different today so I wouldn't know about the quality of services that KOSSS provides.	2/26/2014 4:08 PM
3	NO--Not enough activities thats why our studnets get sent home early from high school.. !! maybe a basic training on the usage of alcohol or get counselling etc..	2/14/2014 4:46 PM
4	Students should have a choice where to go for highschool. They should not be forced to attend DFS only.	2/11/2014 2:03 PM
5	I work closely with KOSSS, and if there are complaints I would want to know what they are, if they are student/parent/leadership complaints, so services could be improved	2/10/2014 10:22 AM

Q24 KO Health Service: Do you agree or disagree?

Answered: 57 Skipped: 18

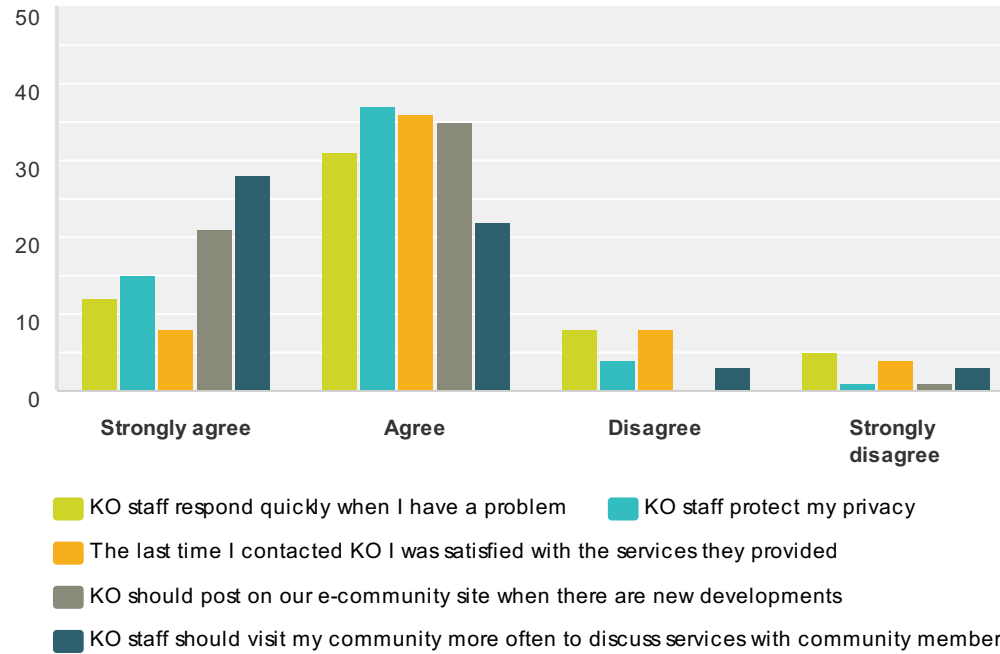

- A member of my family has used the Home and Community Care service.
- The health training services in my community are very useful.
- In the next year, I will likely recommend KO Health services to someone.
- Health services in my community need more staff.
- Additional Mental Health support is required in my community.
- Translation support is important for delivering health services.

#	Other suggestions or thoughts about KO Health Services (OPTIONAL)	Date
1	need more information about these services..	3/21/2014 11:30 AM
2	need basic health care training !!	2/14/2014 4:48 PM
